

Combination of natural vegetable tannin extracts

---

<b>Description:</b>	Combination of special tannin materials.
<b>Aspect:</b>	Brown powder.
<b>Concentration:</b>	Min. 92%
<b>pH (sol. 10%):</b>	5 – 7
<b>Charge:</b>	Anionic.
<b>Application:</b>	Retanning.
<b>Properties:</b>	<p><b>UNIPEL® MXN</b> is a product with excellent tanning properties and may totally or partially replace all vegetable tanning materials usually applied on regular retanning operations.</p> <p><b>UNIPEL® MXN</b> is recommended for leathers where good filling properties are required, especially on flanks and shoulders.</p> <p><b>UNIPEL® MXN</b> also improves printing effect, buffing properties and gives an excellent polish effect and a compact leather grain.</p>
<b>Use guideline:</b>	<p><b>UNIPEL® MXN</b> may be used alone or blended with other synthetic tannin or vegetable extracts.</p> <p>We recommended the usage of 4 – 20% for chrome leather retanning, on the shaved weight, according to required effect.</p>
<b>Storage:</b>	<p>We recommend keeping the product sealed in the original package, in a clean and controlled environment, avoiding extreme temperatures.</p> 
<b>Package:</b>	Plastic bags with 30 Kg on 1.050 Kg pallets.
